consultations and services

Aesthetic medicine consultation

Our doctors listen to you, examine you and put together a personalised treatment plan with you, whether it is for your face or body.

45 minutes	CHF 150
30-minute online consultation.....	CHF 100

Laser consultation

Lasers offer a vast array of treatment options: tattoo removal, vascular or pigmentary marks, scars and stretch marks, as well as skin firming and rejuvenation.

A consultation means that the right laser can be chosen and a price can be set.

30 minutes	CHF 50
------------------	--------

Laser hair removal must be preceded by an explanation session and a skin test.

60 minutes	CHF 50
------------------	--------

Peel consultation

Our nurses and specialist peel practitioners analyse your skin and establish a treatment plan with you, along with a prescription for dermocosmetics for you to use at home between sessions.

30 minutes	CHF 50
------------------	--------

Online booking

Some of our treatments can be booked online via our website (forever-beauty.com). For your first visit, we recommend booking a consultation.

Concierge services

These are available on request, depending on your requirements and price quotation.

Pain management

Some of our treatments can be carried out under sedation (CHF 1,000 per hour) or by using Kalinox gas (CHF 100 per hour).

Payments for consultations and treatments are made on the same day, either in cash or by credit card. Aesthetic treatments are not reimbursed by health insurers. Our subscriptions/packs are valid for 12 months from the date of purchase, with the exception of laser hair removal subscriptions/packs, which are valid for 24 months.

Should you arrive especially late for your treatment, the session can be shortened, although you will be charged the full price indicated. You should cancel your appointment at least 24 hours in advance if you wish to avoid being charged a cancellation fee, which is 50% of the price of the treatment/consultation. Should you not attend a session which forms part of a subscription/pack, the session will be deducted from your subscription/pack.

For treatments costing more than CHF 2,000, we require a deposit of 30% of the cost of the treatment to confirm your appointment.

injections

Botulinum toxin (commonly known as "Botox")

This treatment reduces expression lines on the forehead, crows' feet, lifts the eyebrows, enhances and rejuvenates the face, redefines the shape of the face, and corrects excessive sweating.
